

2019

• HAPPY NEW YEAR •

The WoodWing Team would like to wish you Happy Holidays and all the best to you in the year to come...

And talking about the year to come, we're very happy to inform you about the date and location of our next big event, The WoodWing Xperience!

WoodWing Xperience - Save the Date

We're thrilled to announce the date and location for the 8th edition of our Xperience event. It will take place on **May 28 & 29, 2019** in **Amsterdam**, The Netherlands. We're working hard on a great lineup of speakers and an enticing program. We'd love to see you there, so block your agenda today!

Case study Staempfli - Streamlining publishing through channel-neutral content creation

Staempfli is a Swiss graphic arts company and publishing house, that has switched from a print-first approach to a "story-first" approach for their clients. With Enterprise Aurora, they now create channel-neutral content that can easily be published to multiple channels.

Report: Navigating the 7 Cs for independent publishers

A blog post geared towards smaller, independent publishers, who have questions about how to adopt the systems and technology to support a future that's increasingly based on digital content.
